

**Boosting the role of HEIs in the industrial transformation towards the Industry 4.0 paradigm  
in Georgia and Ukraine  
609939-EPP-1-2019-1-BE-EPPKA2-CBHE-JP**

- Event:** Webinar
- Topic:** ProfiCloud: IoT framework for remote industrial applications
- Organizer:** KU Leuven
- Lecturers:** Mathieu Troch, Dimitri De Schuyter, Arne Verhoeven, Philippe Saey
- Date and time:** 15/12/2020 from 10:00 to 11:00 CET
- Connection:** Skype for Business – Link sent via Outlook
- Moderator:** Philippe Saey

**Abstract of the webinar**

ProfiCloud is one of the many industrial cloud platforms, and is particularly interesting because of its direct integration into PROFINET, the world's leading industrial Ethernet.

This webinar discusses possible applications, some technical aspects, ... and presents a large scale demonstrator originally developed in the INCASE Interreg 2 Seas project. Part of the demonstrator is shown in the webinar.
